PROFESSIONAL SUMMARY

Software Developer with experience in Java full stack and Flutter mobile development. Built web and mobile applications using Java, Spring Boot, REST APIs, MySQL, JDBC, and Flutter. Contributed to ADYAPAN CRM and LMS apps for Android and iOS, including Flutter-based iOS app development, API integration, debugging, testing, performance improvements, and production releases.

EDUCATION

Tulsiramji Gaikwad Patil College of Engineering and Technology, Nagpur, India

Bachelor of Technology (B.Tech) - Information Technology **2022-2026**

Shri Vivekanand Vidyalaya, Nagpur, India - HSC **2020-2022**

RELEVANT EXPERIENCE

Rent Mart IT Services Pvt. Ltd., Nagpur | Jul 2024 - Sep 2024

Java Full Stack Developer Intern

- Developed web applications using Java, HTML, CSS, JavaScript, and Bootstrap.
- Built backend APIs using JSP, JDBC, REST APIs, and MySQL.
- Worked on CRUD operations, MVC architecture, testing, and debugging.
- Contributed to Android and iOS application development and deployment.

Adyapan Edutech Pvt. Ltd. | Feb 2026 - Present

Java Developer Intern -> Java, Flutter, Android & iOS Developer

- Started as a Java Developer Intern and transitioned to full-time through a PPO after 3 months.
- Developed and supported Java, Android, and iOS applications, using Flutter for iOS app development.
- Contributed to ADYAPAN CRM and LMS applications, including API integration, debugging, testing, and performance improvements.
- Supported mobile application releases, deployment, and maintenance.

PROJECTS

CAMPUS RECRUITMENT MANAGEMENT SYSTEM

- Developed a web-based recruitment system using Java, Spring Boot, Spring MVC, REST APIs, Hibernate/JPA, and MySQL.
- Implemented student registration, job posting, applications, application tracking, interview scheduling, and status management.
- Added role-based authentication and followed Controller-Service-DAO-Entity layered architecture; used Maven and Postman for development and API testing.

SELECTED PROJECTS

COACHING SYSTEM MANAGEMENT

- Developed a desktop management system using Core Java, JDBC, Java Swing, and MySQL.
- Implemented student registration, course management, fee tracking, receipt generation, role-based login, and student search.

ADYAPAN - CRM & LEAD MANAGEMENT MOBILE APP

Java, Flutter, Android & iOS Developer

- Contributed to Android and iOS development for CRM and lead management workflows, including calling, follow-ups, activity tracking, attendance, and productivity features.
- Worked on Flutter-based iOS development, API/data synchronization, debugging, testing, and performance improvements.
- Supported Android and iOS production releases.
